I. Advisor Regulation

1. There are two groups (**Communication Systems (I)** and **Communication and Networking (II)**) in the Master's program of Department of Communication Engineering of CCU. Student must pick the advisor and submit the agreement form in one month.
2. Graduate students who wish to change advisor or group can submit a petition to the Graduate Affairs Committee in the end of the first academic year.
3. The application for the change of advisor or group needs to be approved by the Graduate Affairs Committee and the Chair of the department.

II. Credit Requirement

1. Students must complete 26 credits. 24 credits of major field course and 2 credits of Seminar lecture are required. Maximum 3 credits are allowed from the course of specialty topic, patent course or Technical English Writing.
2. Students can take elective courses from other departments with the approval from advisor.
3. Students may take elective courses of other school with the approvals from adviser, the Graduate Affairs Committee and the Chair of the department. Maximum 6 credits are counted.
4. For the first-year master students who received a bachelor's degree less than four years (inclusive) and took graduate courses with score 85 (course of Department of Electrical Engineering and Department of Communication Engineering with score 80) or above and the credits were not counted toward their bachelor's degree, they may apply to transfer these credits toward their master program credits in the course selection period in the first semester. The application for credit transfer with requested document must be approved by the advisor and the Graduate Affairs Committee. At most, six credits are allowed. If the title of the course of transferred credit is different from the title

of course to be waived, the approval from the related professors is required.

5. 26 credits toward graduation must be approved by advisor and the Graduate Affairs Committee.
6. The credits transferred for students of Five-Year BS-MS Program are formulated by the rule of Department of Communication Engineering.

III. Degree Exam

1. Students must complete course in academic ethics before the end of the first semester and gain the proof of completion.
2. Students may apply for master dissertation defense in the second semester of the first year of master program (or any semester after) if the following conditions are satisfied: course credits are completed, the academic performance is in the top 33%, and one of the research achievement is qualified as Level B of the Ph.D. research achievement. The application should be submitted with the signature of advisor, the related documents and the certificate of completion on the academic ethics course one week before the deadline of the application for the degree examination.
3. Students may apply for master dissertation defense in the first semester of the second year of master program (or any semester after) after completing the course credits. The application should be submitted with the signature of advisor, the related documents and the certificate of completion on the academic ethics course one week before the deadline of the application for the degree examination.
4. Students of Five-Year BS-MS Program may apply for master dissertation defense in the second semester of the first year of master program (or any semester after) after completing the course credits. The application should be submitted with the signature of advisor, the related documents and the certificate of completion on the academic ethics course one week before the deadline of the application for the degree examination.

IV. The degree examination follows the provisions of CCU. A master's degree will be conferred by CCU after student passes the dissertation defense and completed the required course credits. The dissertation can be written either in English or Chinese with the format specified by CCU.

V. The Master's degree requirement were formulated by "Degree Conferral Act" and " Enforcement Rules of Degree Conferral Law" of Ministry of Education.

VI. The regulation shall be applied after the approval of faculty meeting. Any subsequent amendments shall be submitted for review. (It can be applied to the new student in the next year after approval)
